The Project

This plan is part of Indiana's READI Arts & Culture Initiative as funded by the Lilly Endowment, Inc. (LEI). But it is so much more. It is one of 15 such plans that lay the groundwork for a decade of activity – ***a road map for cities, counties, and regions to use regardless of funding source, leadership, or what else the future might hold.***

This is an incredible moment for Indiana. A moment that has united the state's economic development infrastructure, its arts, culture, and history sectors (artists, creative businesses, nonprofits, and programs), and communities of every size in a simultaneous effort to:

Foster More Vibrant and Livable Communities for Generations to Come.

We are unaware of any other effort of this scope or scale. And it didn't happen by accident. A state policy initiative inspired the private investment that brought us here (*box right*). **This is also an incredible moment for Southeast Indiana** resulting in a comprehensive strategy for achieving its ambitious vision in which:

The Arts are a Thriving, Vital Force that:

- Spark Community & Economic Vitality,
- Amplify Natural Assets & Regional Tourism,
- Foster Regional Collaboration through Local Leadership,
- Are Central to Engaging & Empowering the Next Generation, and where
- Creative Placemaking & Design have Solidified Vibrant Cultural Districts, because...

We Grow from Deep Roots – Cultivating Big Opportunities with Small Town Charm.

This directly supports the region's economic vision, goals, and other aspirations.

Soon after these plans are launched across the state, the state will launch the LEI Arts & Culture Initiative funding opportunity to support projects that align with this plan. While this will be the last step of the state's project, it will be just the beginning of work on the ground.

welcome

READI 2.0 Arts & Culture Initiative

ABOUT

In 2021, Governor Eric J. Holcomb launched the [Regional Economic Acceleration & Development Initiative](#) (READI 1.0) allocating \$500M of pandemic funding among Indiana's 92 counties.

2023 brought READI 2.0 – a new \$500M investment – focused on **Quality of Life, Place, & Opportunity**. It encouraged regions to include arts and culture initiatives to help them know how to work proactively with economic development and prepare the sector to be better poised to access future funding.

In 2024, the [Lilly Endowment Inc.](#) put \$250M behind it – including \$65M for a first-ever statewide initiative advancing creative transformation. With that grant, the [LEI Arts & Culture Initiative](#) was born for regions working with a broad cross-section of residents to develop assets, experiences, and initiatives.

Soon after, the [Indiana Economic Development Corp.](#) announced \$1.5M for arts and culture planning and led by [Indiana Arts Commission](#)-identified experts.

GOALS

Engage residents and communities across creative, geographic, and demographic boundaries • **Unleash** regional creative transformation through investment in public art and culture amenities that are accessible to the entire community • **Elevate** READI's quality of place impact on Indiana's cities and towns • **Build** a critical mass of authentic, yet bold, artistic, and culture assets with a long-term plan for their maintenance and expansion.

The Plan

Overall Approach

This regional Arts and Culture Plan is grounded in the region's capacity and resources while looking forward with vision and intention.

First, it takes an **"Arts and" approach – recognizing that arts and culture are not separate, but integral to efforts in economic development, tourism, community development and vitality, activating parks, education, and more.** Implementation depends on leaders across these sectors working together, with arts and culture seen as a key ingredient for shared success.

What is "Arts & Culture"?

The plan values **the full creative ecosystem – not only arts organizations**, but the fabricators, makers, artisans, musicians, writers, crafters, podcasters, performers, designers, architects, libraries, and history organizations (and everyone within them).

Together they form the cultural fabric of the region and remind us that we each have a personal connection to the arts, whether through the high school band, having a favorite author, art teacher, or song, writing poetry, learning to play guitar, draw, crochet, dance... or simply loving to create the best music playlist ever.

Regional & Hyperlocal

This plan is designed to be implemented on both the county and regional levels elevating both while maintaining community voices and local authenticity. The plan belongs to the region, not any one organization or place. It provides **regional direction and aspiration that can be achieved through local initiative** – regional and hyperlocal at the same time. The smallest towns and counties were intentionally placed on an equal footing with the largest of both throughout the process and in the resulting strategies.

Feasible & Sustainable

This plan also **acknowledges current and future funding realities**, building strategies that are both aspirational and sustainable. It is designed to align with and complement existing

Participation

This plan emerged from a community-driven, asset-based approach to arts and culture planning. Together, this allowed for deep and diverse participation across sectors and communities. **Over 230 Southeast Hoosiers participated in:**

- 6 Community Visioning Sessions
- 7 Focus Groups & Regional Leader Discussions
- 30-ish Interviews
- 1 Public Survey

Sections of the Plan

The plan (*"The Region"* pages 17-64) includes several components, one leading to the next.

About the Region. This introduces the SEI READI region, its counties, economy, and regional development authority at a high level.

State of the Arts. This bird's eye view of the region's arts and culture identity, assets, and inventory provides an assessment of strengths and challenges in the creative sector, and the opportunities and challenges addressed in this plan.

Vision & Success Measures. This plan fully embraces the region's vision for economic development, adding detail specific to the *"Arts and" approach*.

Goals & Strategies. The plan is organized to move seamlessly from vision to action. Three overarching regional priorities each supported by two goals, provide a balanced framework that addresses the core needs of every focus area. Each goal is presented in its own section and is supported by strategies and tactics that outline practical steps for implementation.

Big Ideas. These are carefully curated big bets for the region – ways to supersize the goals and strategies for regional impact.

Implementation. The circled star highlights the goal collectively identified by the region as the top priority in plan.

The Counties. The profiles here provide a starting guide for each county in adapting this plan to their individual needs.

The Toolkit. Also included is a toolkit of ideas and inspiration drawn from national and local examples to spark creativity and show what's possible. These resources align directly with goals and are designed to deepen understanding, build confidence, and equip leaders with the tools they need to translate ideas into action. Not every idea will fit every community, but all can inform new approaches.

Appendix. Here are the methodology and technical details that supports the plan overall.

More resources are available online. These are currently connected with the project website but will transition to SEI READI in early 2026

Principles Used in Arts & Culture Planning

ARTS PLANNING SHOULD BE:

1. **Ground-Up** Regions are comprised of counties, which are comprised of communities, which are people, places, organizations, activities, traditions – build from the bottom not the top.
2. **Authentic** Celebrate community history, heritage, stories, and points of pride – its unique cultural identity.
3. **Asset-Based** Built on the foundation of strengths – it's the best way to fill in the gaps.
4. **Team Sport** This is a "yes, and" proposition. It only works with broad collaboration and community engagement – arts and culture **WITH** economic development and planning, education and health care, cities and civic organizations, tourism, and Main Street, etc.
5. **Visionary** Think big about a long-term horizon for goals and strategies, not projects – that's where the magic happens.
6. **Interdependent** Not just aligned with the momentum of existing plans and projects but reinforcing – other plans support arts and culture; arts and culture support other plans.
7. **Sustainable** First, do no harm. Then, make sure results can last.
8. **Creative** The plan will be arts and culture after all and should **ARTify** / **ARTivate** all the goals and strategies.
9. **So Much More than Murals** It includes your local artists and creative economy, theaters and museums, arts education for all ages, festivals, and concert series, knitting circles and woodworking clubs, amphitheaters, and bar stages, and so very much more.
10. **Interesting & Fun** Because that's what art, artists, and culture ultimately bring – joy and discovery (and besides, everyone needs motivation – every great pop song has a hook).

WHERE DOES ARTS PLANNING FIT?

If **tourism plans** focus on attracting visitors: what is there to do here?

And **development** on attracting businesses and jobs: what supports are here?

Both depend on a vibrant quality of life and of place – which is where an arts plan comes in.

FOCUS ON INDIVIDUALS, FAMILIES, THE COMMUNITY –

What you celebrate, what brings you joy, what is good for your kids and your health, how you express yourselves and develop as full humans.

It isn't just what you are close to.

It's who you are and what you have, right here, every day.
